SPECIAL HANDS

Special Hands containing a fan of more or equal to 64 points will be rewarded with a nice present.

Only the first hand of the current session will be rewarded, so you have to call a referee to note your player number and the hand you won.

RANDOMIZATION

Your team number will be chosen by the first registered player of your team at the subscription desk on thursday

The 3 following players of the team will have to choose in the same team three randomized numbers

So you won't play against any of your teammates

REFEREE'S CARDS

The use of cards of different colors for different penalties will be tested during OEMC

It won't replace self-refereeing !

It will help misunderstanding situations at a table where people don't know some language translations

You will not be obliged to call a referee for foul or penalties if self refereeing is enough

RESULTS

Results of sessions will be shown on friday and saturday

Please note that the ranking will be secret after saturday to keep some suspense until the final ceremony

All results will be available on the OEMC website on a specific page
